

J.G. BUEHLER & CO.

INVESTMENT REAL ESTATE SERVICES

October 1, 2010

TO WHOM IT MAY CONCERN:

As a developer and President of J.G. Buehler & Company, Inc., I have had the opportunity to work with several construction firms in Pensacola. I have been very impressed with the level of professionalism encountered with the Williams-Brown Construction Company.

They recently completed a tenant improvement project for me on time and under budget. Their follow-up and ability to resolve problems that invariably arise in construction projects was most impressive. They are definitely on my "call" list when we require a professional construction firm for our next project.

I would certainly recommend their services to others seeking a professional, "can do" approach to a complex project.

Sincerely,

Joseph G. Buehler
President
